

Sustainable Energy Action Plan (SEAP) template

This is a working version for Covenant signatories to help in data collection. However the on-line SEAP template available in the Signatories' Corner (password restricted area) at: <http://members.eumayors.eu/> is the only **REQUIRED** template that all the signatories have to fill in at the same time when submitting the SEAP in their own (national) language.

OVERALL STRATEGY

1) Overall CO2 emission reduction target

(%) by **2020**

Please tick the corresponding box:

- Absolute reduction
- Per capita reduction

2) Long-term vision of your local authority (please include priority areas of action, main trends and challenges)

The Sustainable Energy Action Plan promoted by our local authority has established 26 actions divided in four strategic lines:

- Increment the savings and energetic efficiency in the public buildings, residential buildings and service sector.
- Reduce the emissions associated to urban transport
- Increment the renewable energy local production and the consumption of renewable energy
- Reduce the emissions associated to the solid urban waste processing

3) Organisational and financial aspects

Coordination and organisational structures created/assigned	The Town Hall has assigned Alba Llinàs, technical personal from the Town Hall as the Sustainable Energy Action Plan's coordinator.
Staff capacity allocated	Technical personal from the Town Hall
Involvement of stakeholders and citizens	One of the aim from the Plan is to promote activities and involve the citizens and stakeholders. For that purpose, have been done several talks about the energy, its efficiency and the Sustainable Energy Action Plan. The 2th of october took place a participation process of about one hour and a half where the citizens and other stakeholders met and where were presented all the actions defined in the plan. Furthermore, it's planned to organize the Energy 's Day (local days of energy).
Overall estimated budget	493.526 eur
Foreseen financing sources for the investments within your action plan	IDAE, ICAEN, PUOSC, ARC
Planned measures for monitoring and follow up	After Sustainable Energy Action Plan publication, it will be redacted an implantation report every two years, explaining the execution state of the Plan, and an action report every four years, showing its provisional results.
