						. , , ,			[MWh]	
BUILDINGS, EQUIPMENT / FACILITIES & INDUSTRIES:	Action 1: Thermal insulation (roof) of Acropolis Park building	Strovolos Municipality	2011	18.000€	43	0	23	45.752	8.18	41.865
	Action 2: Power factor installation to the Municipality Building	Strovolos Municipality	2011	46.000€	69	0	55			
	Action 3: Thermal insulation (roof) of the Municipality Building	Strovolos Municipality	2011	45.000€	150	0	80			
Municipal buildings, equipment/facilities	Action 4: 250 HPS lamps replacement with fluorescent lamps in the Municipality building (THEATER) and 100 conventional lamps replacement with fluorescent lamps in the Municipality building (OFFICES)	Strovolos Municipality	2011	1.500€	14	0	11			
34 14 p	Action 5: 20 kW photovoltaics installation on Acropolis Park building	Strovolos Municipality	2011	44.000€	0	30	24			
	Action 6: 20 kW photovoltaics installation on Municipality storehouses building	Strovolos Municipality	2012	44.000€	0	30	24			
	Action 7: CREATING A NEW CULTURAL CENTRE IN THE MUNICIPALITY OF STROVOLOS with energy efficient design	Strovolos Municipality	2013	464.000 €	150		118			
	Action 1: Regulation for the Energy Performance of new buildings	Energy service (Ministry)	2009	€	6270	0	4.612			
	Action 2: Regulation for the inspection of heating/cooling equipments Action 3: Subsidies for the instalation of solar thermal systems	Energy service (Ministry)	2010-2011	€	3010	0	2.214			
	Action 4: Subsidies for the instalation of solar mermal systems Action 4: Subsidies for the instalation of geothermal heat pumps	Energy service (Ministry) Energy service (Ministry)	2009 2009	÷	1053 752	0	775 553			
Tertiary (non municipal) buildings, equipment/facilities	Action 5: Regulation for the energy efficiency of electric appliances	Energy service (Ministry)	2008	€	5788	0	4.257			
	Action 6: Subsidies for the instalation PV and wind systems	Energy service (Ministry)	2009	£	0	1935	1.423			
	Action 7: Regulation for the obligation of new buildings to install solar water heaters	Energy service (Ministry)	2011	€	664	0	488			
	Action 8: Regulation for the Energy Performance of existing buildings with area over 1000 m2 Action 1: Regulation for the Energy Performance of new buildings	Energy service (Ministry)	2010	€	6270	0	4.612			
	Action 1: Regulation for the Energy Performance of new buildings Action 2: Regulation for the inspection of heating/cooling equipments	Energy service (Ministry) Energy service (Ministry)	2009 2010-2011	€	6.645 3190	0	4.712 2.262			
	Action 3: Subsidies for the installation of solar thermal systems	Energy service (Ministry)	2010-2011	-€	3190 1116	0	792			
Residential buildings	Action 4: Subsidies for the instalation of geothermal heat pumps	Energy service (Ministry)	2009	€	797	0	565			
1	Action 5: Regulation for the energy efficiency of electric appliances	Energy service (Ministry)	2008	·	4731	0	3.355			
	Action 6: Subsidies for the instalation PV and wind systems Action 7: Regulation for the obligation of new buildings to install solar water heaters	Energy service (Ministry) Energy service (Ministry)	2009	€	0	2322	1.647			
<u> </u>	Action 7: Regulation for the obligation of new buildings to install solar water heaters Action 1: Replacement 8000 conventional lamps with new LED lamps	Energy service (Ministry) Electricity Authoriy of Cyprus -	2011	€	591	0	419			
Municipal public lighting		Strovolos Municipality	2013-2014	1.600.000 €	3200		2.525			
	Action 2: Improvement of the operating hours of the municipal public lighting	Electricity Authoriy of Cyprus - Strovolos Municipality	2013-2014	8.000 €	320		252			
	Action 1: Regulation for the Energy Performance of new buildings	Energy service (Ministry)	2009	€	793	0	579			
	Action 2: Regulation for the inspection of heating/cooling equipments	Energy service (Ministry)	2010-2011		381	0	278			
Industries (excluding industries involved in the EU Emission trading scheme - ETS) & Small and Medium Sized Enterprises (SMEs)	Action 3: Subsidies for the instalation of solar thermal systems	Energy service (Ministry)								
			2009	£	133	0	97			
	Action 4: Subsidies for the instalation of geothermal heat pumps	Energy service (Ministry)	2009	€	95	0	69			
	Action 5: Regulation for the energy efficiency of electric appliances	Energy service (Ministry)	2008	€	825	0	602			
	Action 6: Subsidies for the instalation PV and wind systems	Energy service (Ministry)	2009	€	0	3870	2.822			
	Action 7: Regulation for the obligation of new buildings to install solar water heaters Action 8: Regulation for the Energy Performance of existing buildings with area over 1000 m2	Energy service (Ministry) Energy service (Ministry)	2011 2010	€	96	0	70 231			
	Action 9: Subsidies for cogeneration	Energy service (Ministry)	2009	•	317 1809	0	1.319
