I, **Giorgi Shengelia, Mayor of Zugdidi Municipality** have been mandated by the **Zugdidi Municipality City Council** on 06.03.2020 Ordinance N30, to sign up to the **Covenant of Mayors for Climate and Energy**, in full knowledge of the commitments set out in the official Commitment Document and summarised below.

Therefore, my local authority principally commits to:

- Reducing CO<sub>2</sub> (and possibly other greenhouse gas) emissions on its territory by at least 30% by 2030, namely through improved energy efficiency and greater use of renewable energy sources;
- Increasing its resilience by adapting to the impacts of climate change.

In order to translate these commitments into action, my local authority undertakes to fulfil the following step-by-step approach:

- Carry out a **Baseline Emissions Inventory** and a **Climate Change Risk and Vulnerability Assessment**;
- Submit a **Sustainable Energy and Climate Action Plan** within two years following the above date of the municipal council decision and **mainstreaming mitigation and adaptation considerations** into relevant policies, strategies and plans
- Report progress** at least every second year following the submission of the Sustainable Energy and Climate Action Plan for evaluation, monitoring and verification purposes;
- Sharing our vision**, results, experience and know-how with fellow local and regional authorities within the EU and beyond through direct cooperation and peer-to-peer exchange.

I accept that my local authority shall be suspended from the initiative – subject to prior notice in writing by the Covenant of Mayors - East Office – in case of non-submission of the above-mentioned documents (i.e. Sustainable Energy and Climate Action Plan and Progress Reports) within the established deadlines.
